Read the text aloud.

I think football has a good effect on people. It is very popular and lots of people want to play so it's good for them and their health. You also learn how to win or lose and play as a team. People also really like to watch it and they can enjoy going to matches with their friends and family so it's good for relationship.

Topics for Speaking

1. My Daily Life

I usually get up at half past 6, have a shower, get dressed, have breakfast and go to school. I start school at a quarter past eight and I finish school at half past one. Then I go home, have lunch and do my homework. I've got a lot of homework to do. But I've also got time for other activities. I go in for _____, I go to _____, I play _____ / _____ days a week. In my free time I usually surf the Internet, play computer games and chat online. I often listen to music and read books in the evening. At the weekend my parents and I like to go out together. Sometimes we go for a walk in the park. We also like to go to the cinema and watch action films, cartoons or comedies. After that we can go to a café or to a restaurant. At home my family and I sometimes watch TV. When I watch my favourite TV programmes, I learn something new. I can get useful information about the world and people. The important thing is to find good programmes to watch. I usually go to bed at about 10 pm.

2. My School Life

We study at school five days a week and have many subjects on the timetable: Art, English, Russian, History, IT, Maths, Music and PE. I've got a lot of homework to do. But I've also got time for other activities. I go in for _____, I go to _____, I play _____ on _____ / _____ days a week. My study planner helps me to manage my time in a good way. With a study planner I write all the things I do at school and after school. To be a good student it's useful to have a convenient place to study. I have a comfortable chair, a desk with a lamp on it. I have a special shelf for my school books. I use different folders for different subjects. I put separate sections in my folders for different topics, so it is easy to find information. Modern technology is very important. My tablet helps me with my studies. I use it to look for information on the Internet, to write texts and to do my school projects. The calculator helps me with my Maths.

3. Clothes

Different weather needs different clothes. If you want to feel comfortable, choose the right clothes. People say: "There is no bad weather only bad clothing". When you go shopping for clothes, choose the clothes you like, try them on and check if they suit you well. When it is cold people usually wear warm trousers or jeans, a warm sweater, a sweatshirt or a jumper, a jacket, a coat or an overcoat, a scarf, a cap or a hat and warm boots or high-boots. When it is warm we put on a light shirt or a T-shirt, sandals and trainers, shorts and light trousers or blouses and skirts. When it rains we usually wear raincoats and rubber boots. When I go to school I usually wear trousers and a shirt (a blouse and a skirt), a jumper or a suit jacket and shoes. When I go out (to the party or to the theatre) I like to put on a beautiful dress (a white shirt and black trousers) and nice shoes.

4. Shopping

Shopping is an important part of our life. We usually go shopping for food once or twice a week. There are different kinds of shops. We buy fish at the fishmonger's, bread and cakes at the bakery, vegetables and fruit at the greengrocer's, flowers at the florist's, meat and sausages at the butcher's. My family and I prefer to go shopping to the shopping centre. There, at the supermarket you can buy almost everything and, besides, you can visit a bank, buy newspapers at the newsagent's, post letters and buy postcards at the post office, buy medicine at the chemist's. You can pay by cash or by credit card.

When we need new clothes or footwear we go to a department store. There we can buy boots, shoes, trainers, coats, dresses, jackets, T-shirts, jumpers, sweatshirts and different accessories. We usually buy items on sale with a discount. Nowadays shops use different techniques to make people buy things, such as special offers and attractive adverts.

5. Sport

Sport is very important in people's life. People play football, volleyball, basketball, ice hockey and rugby as a team sport. People go cycling, horse-riding, ice-skating, skiing and swimming. They do gymnastics and judo. Sportsmen take part in competitions and matches. The final is the last match of a competition. In competitions, different people or teams want to win a prize. In matches or in competitions, the referee is the person who decides what is right or wrong. The winners of a final or a race usually get a cup or a medal. In team games, it is important to be active and reliable. To work well in a team sportsmen need to be responsible and helpful. You have to help your teammates even if you are tired. Sport helps us to be healthy and fit. We need to exercise regularly and attend our PE classes. In winter, we can go skiing, skating, play hockey or just play snowballs with our friends in the park. When it is warm we can play tennis, football or volleyball outside, go cycling or swimming.
